Ok, thank you.

Updates:

-I have Tri Island filling all the boats tomorrow morning at 11am with Fuel

-Andy has agreed to get his Trackhoe and Mini excavator back for us by Monday morning.

-Bubbler has agreed to barge for us to LSJ since I'm unable to reach Jr. from Mr. B (I'll continue to reach out to him). I'm awaiting a bid from Mr. Bubbler before I agree to anything.

-Bosco is not sure if he's coming back to St. Thomas since he lost everything (House & Boat). I asked him if he could come back and help us out with the barge and he said yes as long as you buy him and his dog ticket to go back to the states when he's done. Right now he's trying to get on the next flight but to do insurance claims on his property.

-I'm going to meet with Gene at Subbase Dry dock on Monday and then Crown Bay Marina for the Barge

-The Helicopter is perfectly fine

-The Barge is fine. Just some missing windows but I had the boys fire it up and it worked

I'll send pictures of everything tomorrow morning between 10am and 6pm since curfew is still in effect
