Hey Mike,

I do not have elevations here. I am thinking the building will be=around 22-25' tall to include the office sections in each shop. The po=ential site will be graded to keep the whole building level with no change= in foundation elevations. Lets do 2 pm if that works with you, I am=on STT time if you are on EST time let me know. Thank you Mike and I=look forward to it.
