Our emails must have crossed. ACE is finally moving, slowly but moving, we should see public notice for docks in the next 45 days. Cable notice is out finally. CZM is supposed to be acting on the VIWAPA permit or cable anytime now.

Nothing has happened with the docks, CZM is at a stand still, nothing to do with us. JP is back but with the committee not agreeing to meet, CZM has basically been stuck. JP doesn't expect a public hearing for anyone to happen until the end of January. We will probably see some movement at the beginning of the year. This is holding up a lot of government projects as well. Its very very frustrating.
