Dear Oliver, David,
It was great seeing the last 'suitcase' yesterday at t=e apt. Thank you very much for having us over to review this group. </=iv>

As mentioned, this is the mo=t important group of material seen thus far, and we are preparing a quick li=ting for your review. There are pieces withing this group that would be ter=ific to offer at auction in May 2019.

Can you please let us know exactly what account, or s=ould we create a new joint account?, for inputting the full inventory of th= collection.

G=ven Oliver's upcoming travel, and the additional research I would d= on certain pieces, we would be happy to house this suitcase at [REDACTED], r=ceipted with preliminary low/high estimates which will cover insuranc= till further review.

Many thanks once again for the chance to work with Mitchell Pre-Colum=ian gold collection.
I look forward to being in touch.

My best,
Stacy
