I agree with SB. And I wouldn't worry so much about the person, the goal is the process. You need someone to coordinate the decision matrix. It's a running analysis=a war room. And you need people who interact with media on a transactional level. Hiltzig would be fine for this. He's no genius, but he's strategic and he's thorough. You want to take the view of the people who=you trust and then plug them into a coordinated plan. I can get names of some other people.
