Thank you for your letter, which I received by e=ail today, regarding my request. I am wondering whether you, or your=assistant, or perhaps the counsel for the Committee, could provide an expl=nation of what are the specific roles and purview of the grievance committ=es? Could you provide a description or a link to a description of w=at is within your jurisdiction to consider and what is not? For exam=le, what group would deal with possible breach of contract issues between =he University and faculty members? Is there a group within the Unive=sity that reviews or monitors governance issues associated with access by =aculty to public events or university services on campus?

Thanks for your attention to this request.
