Hi Jeffrey

Seeing further weakness here. Sure you don't want to sell? NAV has dropped from 9.30 to 9.26.

Subject: Sell - Floating Rate Income Fund

Jeffrey

We own \$7.195MM of the JPM Floating Rate Income Fund. This is a daily liquidity mutual fund owning floating rate bank loans. I think we should sell. The fund has a mismatch in offering daily liquidity on illiquid loans and I am worried a flood of redemptions could hurt us. And it is very easy to get back in if we so chose.
