The soonest the carmix trainers from Italy can come is Dec 17th - 20th I pushed hard for sooner date but they would not judge

They also mentioned that machine comes with detailed manuals and is very easy so worth with Kyle did say he has experience with machine if you want to use machine sooner.

I apologize for not organizing training sooner...

The week we have indicated is really the best we can propose.

Please note that we are coming for a technical training and not for a commissioning since our CARMIX are all delivered complete with detailed users manuals and are very easy and simple to work with.

The=technical training represents a further gesture of support from our =ide in order to increase and promote more our presence in the =aribbean.

Hoping you appreciate our =ooperation we look forward to provide the flight details and =emain,
