Hi Jeffrey,

Just to let you know, I've been thinking about the 'electro fungus' project we discussed on Skype. It is a very promising and exciting line of research. Have been in touch with a couple of key collaborators, who are very keen to take things further.

Are you serious about those 100Gs?

If so, I'll keep rolling with the enquiry. It's slow right now because I'm engrossed with writing, but when I finish the book I would be free to pursue this with some vigour.

If you're serious, I'll write up a brief summary of the project in the next few weeks and send it your way.
