Good Afternoon,

JPK will be pouring the=cistern cap on GSJ at 8am Wednesday. Concrete will be from Heavy Mat=rials. I just found out Heavy Materials has had a few slots open up =his week from contractors canceling pours, so I am calling EB now to let t=em know we can get concrete from HM not St John. I will advise on th= barge ramp as soon as EB has concrete confirmed with HM.

I just spoke with Brian and he can get started on the LSJ dock ben=h tomorrow morning and we can take this off the LSJ carpenters workload.=C2◆

Very Respectfully,

Kyle
