Jeffrey,

I have one of my closest friends in town.

His name is Bear Kittay, he's an entrepreneur and musician. He's building a company called Good Money. In the past he ran Burning Man global expansion and closely worked with Elon Musk, Sergey Brin and Eric Schmidt on a few projects related to Burning Man.

He is happy, fun and can speak a lot of interesting things about future revolution in finance (he can even sing about that).

Would you like to meet him?
