Eileen,

Below is the divan fabric that Jeffrey would like to recover the divan, end arms, below mattress close outs, etc.

Check to see if there is any way that we can get this 100% Polyester material to pass. If not, get a sample and source an alternative fabric that is as close to this as possible in both Texture & color.

THOUGHT:

"IF" JE really wants this particular fabric on the "mattress" (carry on) end arms, and close outs and NOT the fireblock certified cushions, then will it pass a composite test?

Jeffrey – "IF" the material passes the composite test for the arms and periphery (but not the legal cushions), do you want us to get this fabric?

Best Regards,

Eric

Hi Eric,

Jeffrey asked me to send you a picture of this fabric. It is Jeffrey's favorite for the divan.  
Thank you,
