Hi Hugh -

How is Joyce=doing? Is the gabapentin helping? How far did you get with the titration?<=div>

Also, might you have some time before the end of t=e calendar year to talk about my colleagues and my non-profit research/cli=ical foundation, The Institute for Music & Brain Science? My cellphone=number is [REDACTED]. Our Board Chairman, Doctor Robert Freeman, former =resident of the New England Conservatory of Music and long-time Director o= the Eastman School of Music would be delighted to talk with you too.

All the Best,
Mark
