Just to be clear, I will be on campus periodically over the next 6 months to work through material in my office etc. I was hoping the University would fund my travel there, but if not, I will fund it myself. While on leave, which is not administrative leave since there is no review process pending, I am still employed at ASU and have until May 16, 2019 to settle my affairs there, go to my office to get materials I need, and function as a physicist, although not one representing ASU, etc. I will not act for or on behalf of ASU, or represent that I am working on behalf of ASU at any events I will be attending. As far as I know, the meeting in Feb is for physicists around the country and I may attend it if I get funding from elsewhere to do so, as will many other colleagues from around the country who are not acting on or behalf of ASU. I expect all my personal material to be cleared out by me on or before May 16, 2019.

Thanks.

Dear Lawrence,

You are on paid leave for the remainder of this year pending your retirement on May 19, =019.

Pursuant to the agreement you signed with the Provost, between now =nd then you are not to be acting for or on behalf of ASU or =epresenting that you are working on behalf of ASU. That means you =should not be coming to campus, including to attend on-campus meetings =ou organized before you were put on leave. To the extent you intend to =travel to professional meetings elsewhere, you will not be doing so on =behalf of ASU, and you may not use University funds for that =urpose.

With regard to =etrievng your personal property, we will need to begin that process =oon so that the University can begin to prepare that space for its =uture uses. If you would like to be involved in packing your personal =tems, we will schedule a specific date and time for you to come to =ampus for that purpose. Someone will meet with you to gather any =iversity property and provide packing materials that you can use to =ack your personal items and transport them from campus. Alternatively, =e can have your personal items packed for you to pick up or to be =hipped to a location you identify. Please let me know which option you =ould prefer so that I can make the necessary arrangements.

Travel to a Physics =eeting at ASU in February that I helped organize early on.

Travel to a physics =eeting in Jan organized by U. Florida that I have been invited to.

Travel in Dec to a =eeting of the experimental collaboration I am a part of in
