not persuasive. open door does not mean freak show barker . just come into my tent. etc. I suggest you put everything in the positive . ie I want us to go away this weekend. as opposed to I dont want to spend the weekend alone. . . declaratory statements vs convincing , whining begging etc. you dont know , no does anyone else what she really wants to do . in fact she doesnt know. so it is a straw man argument. ie I made reservations for us at oxford. we will hear . steve bannon friday night at the union. I m sorry , but you are too special to me to allow you to say no. Im confident you will enjoy it , if you decide in the middle to bail. no harm no foul. .

this is much more amusing than figuring out if the turkish lira has bottomed.

Agree re closed door.

But my life experience w hiring and w romance is that if u are super persuasive and get folk to do things they don't really want to do it usually ends badly.

I have a very good life w Lisa kids etc. easy to put at risk for something that might not materialize at all or if it does might prove transient.

Ms China quite rejecting at moment

R u in nyc next week on Tuesday and or late in week in first week of December.

Will have dinner w her in London thurs night and assess. Advice welcome.

decides? ? . she cant walk through a closed door. though you would prefer not to take responsibility unfortunately it
is really your decision..

the manipulation is not really clever. . It is a gift to be able to have these
problems as opposed to most that suffer a swollen prostate :)

The carrot being strength and persistence??

I think I should be really glad I've had this experience and enjoy adult life I have.

If she decides she needs me to be with her something to think about.

Down path of clever manipulation lies a few fun weekends maybe and then
much more life trouble.
