----- Forwarded message -----<=r>Subject: Jim Watson

Some of you have heard of Jim's accident la=t Friday on lab grounds. Upon driving down from the hillside campus to our=main roadway, his car somehow accelerated, hit a guardrail and crashed dow= a wooded ravine toward the inner harbor. Fortunately he had his sea=belt on and was found within minutes by members of our security team. <<http://longisland.news12.com/story/3936=255/sources-dna-pioneer-drove-down-20-foot-ditch-at-cold-spring-harbor-lab=ratory>>

Jim is still in intensive care at =orth Shore Hospital (under a pseudonym). He suffered head trauma wit= a gash atop his head, cut eyelid and fractured eye socket (now repaired).=C2◆

Liz is with him nearly aroun= the clock. If you'd like to send a note or card, I suggest =ailing it to their house:
