Hi Richard... as previously =entioned the client before you has gone forward to build their 65'=sailing catamaran. We've received the contract and balance of =eposit. The available construction slot for your vessel would now be a =ov 2019 start of construction with a completion date of May 2020. We =ppreciate that is a long time to wait. If that is acceptable we'l= start the design process. If not please advise me via email and we =ill return the full amount of the deposit.

Regards,

Hi Carlos... In the last two days the client in front of you has asked for a price and contract. I'll complete that tomorrow. If they go forward I'll communicate the new construction schedule available to LSJE. If the timeline is acceptable to LSJE we'll proceed with the design. If the wait is too long, at LSJE's option I'd send back the \$10K or move forward on the design.
