Dear Lawrence,

You are on paid leave for the remainder of this =ear pending your retirement on May 19, 2019. Pursuant to the agreement =ou signed with the Provost, between now and then you are not to be =cting for or on behalf of ASU or representing that you are working on =behalf of ASU. That means you should not be coming to campus, =ncluding to attend on-campus meetings you organized before you were put =n leave. To the extent you intend to travel to professional meetings =lsewhere, you will not be doing so on behalf of ASU, and you may not =se University funds for that purpose.

With regard to =etrievng your personal property, we will need to begin that process =oon so that the University can begin to prepare that space for its =uture uses. If you would like to be involved in packing your personal =tems, we will schedule a specific date and time for you to come to =ampus for that purpose. Someone will meet with you to gather any =niversity property and provide packing materials that you can use to =ack your personal items and transport them from campus. Alternatively, =e can have your personal items packed for you to pick up or to be =hipped to a location you identify. Please let me know which option you =ould prefer so that I can make the necessary arrangements.

I anticipate the =ollowing

3-4 trips to ASU over =he next 6 months to get my office contents ready to move, and to move  
=hem.

Travel to a Physics =eeting at ASU in February that I helped organize early on.

Travel to a physics meeting in Jan organized by U. Florida that I have been invited to.

Travel in Dec to a meeting of the experimental collaboration I am a part of in Switzerland.

Can you confirm for me if I can use part of my remaining, unused, funds for these purposes?
