report

Hotel, the lease I am trying to get financed , with iStar

Also at same time tracking a sale procedure , run by JLL, which ever comes first will do

Sent the requested letters on Cosby out by Fedex, which basically repeated that I am inquiring directly if there is an interest in the sale and that it was confidential , all cash with no broker for the owner of 9 east 71

Unit 5 , second unit to be sold at 320 east 82 hopefully will close tomorrow as scheduled Walk through this morning went well and all punch list items were fixed

Sagaponack is to close on the 23 but they can push it to the 30th under the Time of the Essence after that they loose the deposit of \$650,000

Sculptures , rejected offer of \$300,000 for the boys at the advice of dealer who says it is stupid low he believes that buyer will increase back to the original level

I met with a mortgage broker to refinance my coop mortgage and see if I can raise some proceeds in the short term
