The old Ford F450 =s missing 2 sides on the gate and is really beaten up in =pearance. It was operating on STT until the new F450 arrived. =ut we were not aware that there was anything wrong with the mechanical =operations. It made a run on STT up to 3 weeks ago, and parked at =nna's house, per Brice, when they could not barge back to the island =hat day.

That is true with the addition of the new F450 in between and =n both islands. The old F450 has been unreliable for some time and not =eally road worthy for any use on STT.
