Leon.

Hopefully you can now=your understand why last year I felt it necessary to disengage from any fu=ther silly interactions with your Financial Dream Team , Ada Alan PW= S&C, E&Y and Wechsler After much prodding (over two=years) to produce for you a true and accurate "fire drill"= . They modified my clat idea and came up with their art clat. . Eac= one strongly arguing their ludicrous non- real world position. , presenti=g their 15 year projections on growth ,valuations (making assumptio=s without authoritative input) and sales timing. Im certain you recall , I s=id I was against it. . it was neither simple nor accurate Aft=r arguing with them the many real world complications raised with th= art advisory panel (dealers and museum curators meeting on fine ar=s only once a year.) I was told my concerns , were easily addr=sed and should be easily dismissed as each one of the geniuse= had read the code sections and concluded and then espoused - =here is " no worry at all about confidentiality , the val=ations are done on a NO - NAMES basis." That was the fina= straw . (i guess the panel would not be able to figure out who own=d the "scream " .) However I do acknowledge that the dream=team did send us the S&C, critique and response.

Only yesterday while sitting with you ,did you tell me f=r the first time that they had not even informed you about the existence o= the ART ADVISORY PANEL and its critical role in estates. ----= sorry, it is IMPOSSIBLE - . but - emb=ematic. maybe though, it will finally convince you to make a clean s=leep .

BTW some of your = and Y people are truly talented , seriously smart. but they are to =e relied on as responders to-not generators of

=TART FROM SCRATCH. get it right. STOP be che=p. (ie hiring a 200k person doubling his salary and telling me you h=red a senior 400k guy) keep barry , heather , and brads secretary.=maybe ,the joe s -temporarily . everyone else- bye bye.
