Jeffrey

Received this from Ben as far as C check status Gear is due 11/2025 I will request the CMP Maintenance report to confirm C check inspection dates;

Hi Larry,

Thanks for the fast reply and your help getting the info=discussed yesterday! Much appreciated !

I can confirm the next "9CC" (36mo) check will be due by Jan 2020 and the next "D =80 (48mo) check will be due by January 2021.

We had the "A =9D (12mo) check and "B" check done during the recent completion along with a bunch of other Calendar and AD/SB items.

<=div>

Also I can confirm the main Gear Overhaul is due by 11/25/2025 <x-apple-data-detectors:=2> . </=pan> They are waiting on CAMP to update the task cards sent in for all the receipt works and will send me a fresh status report which I'll forward to you ASAP so you can review and confirm the above info.

Speak soon!

<=span>

Kind regards,

Ben Shirazi

President
