Subject: Jack this summer

Hey Friend

I hope all is well with you, where ever your are in the world

Jack and Monique will be coming in NYC this summer in July. I've arranged t=eir tickets, and they are happy because they have not been back for a long=time.

I would be happy to host them with me at the Mercer hotel downtown, however=they would prefer seeing you and staying with you if ever you plan to be i= town.

They are happy about everything and are hoping you can spend a little bit o= time with them (we are all cognizant of the unpredictable nature of your =usy schedule)

Anyways, it's from the 16th til the 20th of July: let me know if that could=work for you (both Jack and Monique)

This is assured on their side and should not change

All the best

e
