Subject: Fwd: GSJ Beach Shelter

Good Afternoon Mr Epstein,

Please see the attached drone shots of the layout of the deck and new tiki shelter for =SJ. The area between the tiki bar deck and the tiki shelter is closer than expected with the layout, about a 10' space. The interior blue lines are the column lines to support the roof at the dimensions discussed previously. The outside lines are the edge of the roof overhang that will have decking below. Please let me know if you would like me to make any changes before we have Brian proceed on this. Thank you!

Very Respectfully,

Kyle Reavis
