Hi Jeffrey, I hope you're having a good weekend.

<=iv>I have a question -- what do you think about Harvard extension school? = thought about their graduate degree in Business and Management (most of i= is online with mandatory 4 on-campus courses which can be taken as intens=ves on the weekends) that can give me the skills needed for a career that = want to have. I'm not asking in terms of you helping me with tuition,=just asking for your thoughts on if it's worth pursuing because I know=of your expertise in all aspects of the question.

Please l=t me know,

Thanks!!!
