Hi jeffrey,

Following up my visit, I was glad to see how things are recovering and how =ork is moving forward. Now, What's your project on GSJ?

From my side, don't you would like to start some work like :

- \*Creating coconut grove on the main beach and its surrounding landscape
- \*Start to build the pool on the main beach as well and its pool house( mayb= higher than we thought after Irma we need to reconsider it )
- \*Start to Plants some blooming trees in the woods ( according to my study)<=r> \*I coud work on pergolas and other lights structures as shelters here an th=re
- \*Clear off certains areas that I Think will be welcoming a building in the =uture du to their exposition and Start to landscape those spots.
- \* Fixing roads and plants cactus as you may like
- \*Help your people on LSJ

I know buildings is suppose to come first such as your new dock, but I thin= there could be some part we can achieved. Also do you have any news about=the villa you want to build, from Philippe architect? Do you have any sche=ule?
