Mercedes just arrived to the dealer. Attached please find pictures of the car interior. Michael told me over the phone that quote for brown wood materials only is about 12k, with labor it will be approximately 20k. Michael told me it is not the black color JE saw, it is very different, not really black, and it is not a good idea to replace as sometimes wood comes in to the factory in different shades.. Please communicate to Jeffrey and advise.

Thank you,  
Bella
