Should I question this? I assume he wants to talk to =e about the State Press story.. but he was the one that reported to the =onciliation committee that it was not necessary for us to meet because =e was not empowered to negotiate.

I could just bring this up, and =ndicated that the letter I received from the President indicated that =e were not supposed to talk outside of the conciliation process and I =ave not received any report on that.

Should I also forward this to =ustin?
