(In an effort to clarify an earlier version of this announcement, the start date for this match is July 6, 2017. Every gift we receive after this start date will count toward our \$10 million goal. We will receive the funds as soon as they are matched, so our goal is to complete this campaign as soon as possible.)

The Foundation has received a \$10 million pledge of unrestricted funds from an anonymous donor that needs to be matched 1-for-1. According to the terms of the pledge agreement, this generous donor will match any gift to the Foundation dollar-for-dollar up to \$10 million.

This pledge comes at a pivotal time for the Foundation, as the field is expanding at a rapid rate. With your help, we can continue to fund research that aligns with our strategic focus, which includes:

- * Brain indications – glioblastoma, Alzheimer's, Parkinson's, epilepsy, obsessive-compulsive disorder, and depression;
- * Cancer immunotherapy;
- * Pancreatic cancer; and
- * Pediatrics.

The Foundation's annual budget is \$10 million for each of the next three years, and this transformational gift will help us considerably as we work to advance the field of focused ultrasound so the technology is available to help the most people in the shortest amount of time. Saving time = saving lives.

Every dollar received beginning on July 6, 2017, will be matched 1-for-1 and we have already raised \$1.5 million toward our \$10 million matching target. We will receive the funds as soon as they are matched, so our goal is to complete this campaign as soon as possible.

Be well,
NFK
