AYH is replacing the transformer for the property. The transformer was damaged last year in the hurricanes. While they do this, the power has to be off as well as the generator which means our office will be without power or a back up generator. This switch will be done from 7AM to noon next Wednesday. I would like to close the office until 11:30 AM on that day while the power is off. Please let me know if this is ok with you.
