Morning

Regarding dock wood

Sylvester indicated the hard wood ordered after the hurrica=es was for the replacement Storm Shutters in the main compound, no hardwood was ordere= for the dock I contacted Jimmy His Crew routed edges, but did not cut to=length, 1 bundle of Pressure treated wood, which was left exposed on top o= the Desal Building The wood on the dock match's what was existing, except for 4 pieces, which will be=replaced please note we sorted thru 3 stacks trying to fine reasonable wood t= lay

As discussed at Friday's meeting =A0last week, the d=ck will have a heavy foot and buggy traffic on it for the next 2-3 months<=span> Recommend </=iv> Sand Stain and marine varnish finish the dock to protect wood =A0 Research alternative decking, that will be more durable to heavy traffic<=div> Can we proceed with finishing the dock ?

Brice
