From Wendy regarding CPDLC pricing,
A=S-B out is Mandatory as well
The quote mentions additional=cost for FANS-1A
Which I don't understand why they are s=parating CPDLC and Fans-1A

I need to speak to Com=ux direct to confirm this pricing

This quotation is contingent on the aircraft being equipped with the necessary peripheral systems and interfaces including, but not limited to a third VHF communication system and associated wiring and antennae. Should the configuration of the aircraft require further engineering and system installations then these will be quoted and charged separately on a case by case basis.
