Subject: Re: solar, GSJ

Good day Rich.<=span>

The system is holding up fine. Despite the lack of sun, for now.

The generator is in place on GSJ but there was not time to tie-in as yet. We will complete install on Monday and arrange for Pro Solar to come over for their connections and start-up.

MG.

how is solar working?

were you able to hook up 20kw generator

please advise
