Subject: Re: LSJ barge ramp

do we clad it? its going to be difficult for the guy= to walk on safely. track hoes will pick out the stones. =the water side could have boulders? I m open to suggestions ! = metal clad too hot . ? wood ? chip out all =he stones and lay a colored layer . ? the waterside border will brea= and chip in adddition this is not really a weight beari=g structure. so the re bar. thickness . all a little sil=y . it is a covering for the beach rock. .=C2 ok mistake made , lets fix it.
