Departing Teterboro the weather should be very similar to today, v=ry good.

During the crossing from 50 West to 23 West ex=ect moderate turbulence between 30,000 to 40,000 feet. We might be a=ove the turbulence.

Arriving Paris expect cloudy =FR conditions as a cold front will have just passed through.

Estimated flight time is 6:37. We should be arriving Pari= around 8:07 p.m.
