Greetings Sir, the boat is quite worn it us=d to be a St barts ferry, It hasn't been used since irma, were it sustained=minor damage was repaired but never inspected for passenger transport again= The vessel seems structurally sound the engines are commercial Lugge=s 460 hp a piece and are conected to jet drives. Which i dont know with our=seaweed issues this could be a problem. The vessel is 62 foot long wa= manufactured in 93, and has had only one owner, it comes with a spare moto= and quite a few parts. The vessel needs some attention to cosmetics but it=can be brought back. Im working on getting info about hamilton jet dr=ves and who would service them in the vi. Thank you
