Subject: You should be proud of me

Hi Master,

As you know I'm working on the business plan for my mobile game company.
I pushed Alibaba (the server provider) to reduce the cost ... I succeeded to get 80% discount. It seems they took advantage of my absence.
I think you should be proud of me as you are always inspired me ;)

Now I am thinking of how to make it more sustainable , and being in the right circle to save my time , I am old now 46 years , I can't afford to be in the wrong circle anymore.
I think it's better for the business to be partner with a mobile game company in USA that want to expand to MENA.
what do you think of this idea?
As a friend & Boss , do you have an advise for me on that ? Or can you connect me with one of these companies from your network.
