Good afterno=n all, sorry for the delay my email had an issue and became unlinked so I w=sn't receiving these untill now. Regarding GSJ here is what'= been achieved.

-all Aquion battery modules are wi=ed to bypass the corroded, water damaged circuit boards that could interfe= with charging profiles.

Again, sorry for the delay, hope all is wel=

Thanks

Afternoon Richa=d,

We're still trying to have a final discussion with S=efan as well as track down multiple 128MB or smaller SD cards to reboot the=Sunnyboy inverters. We're moving as quickly as we can in order to e=ecute the conversion plan but it looks like we have to push to Monday. Dan h=s shown Michael how to get the system back up and operating in the event of=it dropping offline and that is working for the interim.
