Subject: Gulfstream IV Letter of l=tent

Hi Larry,

Section 2 they want to use a non-US escrow agent. - This i= easily managed because AeroTitle has offices in the US and in the UK. Unfo=tunately we could not reach Jacinda from AeroTitle over the weekend, but th=s should be easily sorted tomorrow.

Section 8 they are insisting on International Law. - I w=nt ahead and told them to send the LOI (to finally get to paper). We have d=ne numerous deal with English law so I am hopeful that we can still agree t= English law, particularly since this is essentially an as-is deal with a q=ick turn around for performance and closing.

Section 3 they have referenced "the option" to boroscope the loan=r engines. I am sure this is to verify no FOD, but I am not sure this is wo=th their expense if boroscopes are not required upon return when the loaner=period is over.

=ection 5 they are saying they will supply the draft APA. I am confident thi= is not a pride of authorship issue but rather a gesture of motivation to m=ve things along quicker.

P

lease=take a look at it and lets discuss it in greater detail tomorrow.
