<=iv>Hi Mike

Here is a preliminary estimate. I realize it's a=lot of money, especially when Mr E spent that much, if not more already. This system will have 6 - 15 kW Marine grade inverters, all with internet=monitoring capabilities and the option to change settings without being on-site

The batteries are Simpliphi 48 Volt, Lithium Ferro Phosphate batte=ies, 100% maintenance free and carry a 10 year warranty with guaranteed 10=000 cycles

They are made by Liberty Batteries from CA, they have been =n business for over 20 years

It's hard to know what to desi=n with not knowing what the total draw will be.

Plus the system that h=s been installed is not balanced.....the solar size is not balanced to the=batteries nor are the inverters balanced to the solar or the batteries. It=E2 s like they just threw what they could at this. Are there any line=diagrams of the current system ?

If you or Mr E would like to discu=s this, please let me know

Best regards

Dan Boyd
