She sent me pictures of real estate she spent yesterday looking at. Not for any plan I was part of. 15 to 20 million 6000 square feet in st James.

I think based on her start up or could have been Chinese guy. Didn't probe.

Also talking about finishing major book on China in next 7 months.barely started.

Seems to make me look like a beacon of clarity re desires in life.

Addiction model of slot machines and golf is random sometimes positive sometimes negative reinforcement. Alas seems relevant.
