**Subject:** Update

Good morning.

We received confirmation that the divan fabric is expected to ship to us for receipt by January 30th.

Upon receipt we will inspect color and feed ex out for flame treatment.

I suspect we will have flame-treated material back by February 10th + -, then we can cut, package and ship for fire block testing.

I will have Jay start looking at our schedule then discuss opportunities for input with Larry.

Hope all is well.

Thx for the Beethoven ski video.

In return, for your amusement pleasure, here is a 2 minute video of a software update for the Tesla Model 3 I recently purchased-
