HI Carlos�=A6 the short answer is yes we can add cabin sides. It will require =tructural side decks and cabin sides and of course opening windows. =e'll be adding more weight which may require more horsepower if =ou want to hold to 18 knots cruise 22 knots top speed. The big question =s are you willing to let this boat go towards the $750-$800K price =ag?

Greetings =ich, hope all is well the principal would like to modify the design to =indows rather than eisenglass, all else looks good.

Thank you

Carlos
