This is helpful. Thank you.

Can one of =ou help me understand the roles of each person in the office as it relates=to the island? My understanding is that they exist to provide administrati=e support (accounts payable, payroll, shipping, resourcing supplies and co=tractors, scheduling, resource for information). I still handle quite a lo= of the administration. If you can help me better understand each person&#=9;s lane, I can better understand to whom I should reach out when I have a=question or need support. I am certain I do not have the full breadth of w=at they do there or how their work relates to the island. Can you help me =nderstand this?
