interesting email from stephanie..

- 1) no support / communication from karen (almost as if karen wants her to fail) and that Karen decided to move on..
- 2) i need to prove to her that i will be supportive and helpful..

Hi, Rich.

I have not been blind copying Karen.

I'm sorry this seemed deceiving but it was not intentional. I didn't want to obligate her to respond. If given the time you will find that my communication is direct, even when it leads to conflict. If I reach a place where I feel I need to be deceptive, I will not work here.

When this arrangement began two weeks ago, you told me that you and the rest of STC are here to support me. I have every intention of leaning on you and giving you an opportunity to prove that. Although I respect her, my communication with Karen since she left has been next to nil. I want to respect her decision to move on. I also have no intention of hanging on to the factions that existed prior to my arrival. I am rooting for everyone here and can already see the value of each person's contribution.

Thank you,  
Stephanie
