I am sorry to =eport than while attempting with our CAT to move the rack with the =arge counter top for the FPPool kitchen to a location where it could be =etrieved by the lull, the piece was damaged. Kenny will order a =eplacement part ASAP but he said it will be at least a month before it =s ready for install.

Old countertops removed. New countertops in progress. They worked Saturday. Took some tops home to work on over the weekend. Haven't seen them since because they were working in their shop. Should be on the 9 o'clock large this morning. I'll ask Cashkim to take photos periodically when he is here as well to help keep you up to date. Photos attached.

will do.  
At the moment it's just GSJ main roads & the step strips. Both projects should be 100% completed by tomorrow.
