Subject: Fox

I just saw a ridiculous piece on Fox that said the doj's IG is asking Congress to change the law to enable him to look into your plea deal. Seems like an absurd proposition; but i would say this: i have known the IG for many years. If somehow it comes to this and the IG gets on to something, then i think the kind of package you were thinking of putting together for pr purposes that lays out all you have been through, might go a long way with the IG.
