</=lockquote>

Dear Erika,

My apologies for the delay in responding to your ema=l. Please be assured that I will work as quickly as I can to investi=ate the claims that you made during our meeting on Tuesday. I believ= that Pedro forwarded the pictures, as we discussed.

Please be advised that it has been brought to our at=ention that there is still activity happening on Great St. James. On=January 30, 2019, we received a report from Enforcement stating that they =aw machinery moving stuff around on the shore on the Christmas Cove side of the island. Enforcement also spo=ted what looked to be a barge delivering a dump truck to the island. As we=discussed in our meeting, the C&D is still in place until we have reso=ved the questions of the permits, and repair work is required to be reported to the Department. One purpose of these po=icies is to ensure that any work is being done in a way that would have mi=imal adverse effects on the environment. As Pedro mentioned in our meeting= no Best Management Practices were put in place for any of the activities done on the island. ◆=A0 The exclusion of BMP's can result in additional citations= Please note that marine impact may

constitute a federal offense if any protected Endangered Species Act species are observed in the impacted area. Amy Dempsey could provide further information on this topic.<=>

We trust that you will notify your client of what we discussed so that he can avoid any further issues with the department. I will notify you of what I find regarding the permit issue.<=>

Warm Regards,

Vonetta C. Norman, Esq. <=>
