Hello =ichard,

So he has =n his master bedroom now a 5 ton single speed blower with a Armstrong =6 SEER 2 speed condensing unit.

The price for the =rane unit your requesting is \$16500 plus shipping and installation. =here is another brand that is doing the same thing, Its called Amana, =oast for the whole system is \$9500 plus install.

I have attached the specs on it. Its what we carry and I can =et them a lot cheaper with all the same characteristics as the Trane =nit plus the price of shipping is included in the price. look it =ver and let me know what you think and ill get you a hard quote for =ither system you prefer.

Best=regards,
