also, fyi.. The =rigins project LLC will run the podcast. It is a for profit =ompany.. we have leased a space we are turning into a studio. We =ave leased it for 18 mos at \$1600/mo.. Set up costs so far have =een about \$20K.. I expect initial costs to be about \$40K. =nbsp;Besides me and the Holwerda brothers, I have just taken in two =ther investors, John Edwards and Rob Zeps, who have put in \$30K apiece =or a 7.5% share in the company, which will allow us to startup without =epleting my own depleted resources. We anticipate first tapings =n early march, and hopefully going live, with audio for free and video =vailable upon donation by april sometime. If we get 20K =ubscribers, which seems reasonable given my 800K followers on twitter =nd facebook, we should gross upward of \$480K in the first year, so =hese investors should hopefully recoup much of their investment after a =ear. or so.
